

MediHerb Ginkgo

To uphold our industry-leading reputation for quality and results, MediHerb tests various products available to U.S. practitioners to ensure we are the brand meeting and exceeding your expectations with every bottle you purchase.

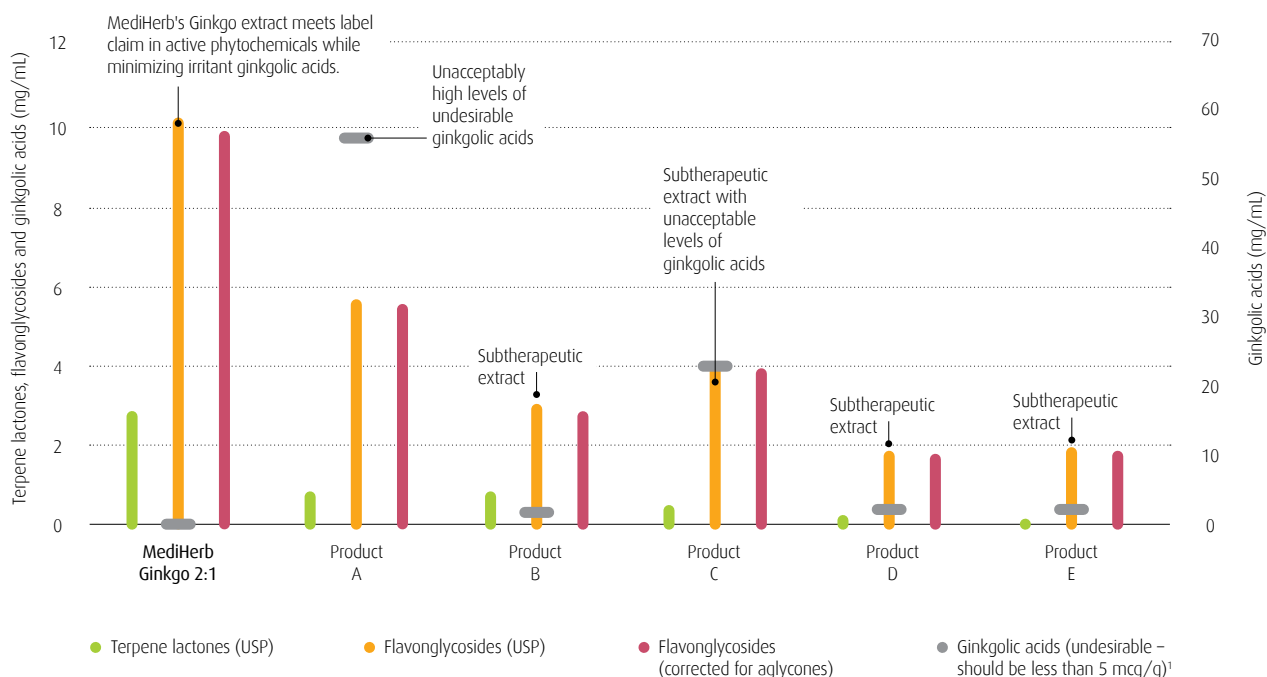

MediHerb's Ginkgo extract defines quality in terms of potency and levels of the active constituents, **terpene lactones** and **flavonglycosides**.

The
quality
choice for
practitioners

Noteworthy Facts

- **Terpene lactones** (ginkgolides and bilobalide) and **flavonglycosides** are the active constituents in Ginkgo. These are important measures of quality and efficacy in a Ginkgo product.
- **Ginkgolic acids** are a group of undesirable Ginkgo constituents often associated with allergic reactions.¹

Ginkgo Liquid Extract Product Comparison

Note: The Ginkgo liquid extract is used to develop our Ginkgo Forte tablets.
