

Benefits for Whole Body Health

Hemp Oil Complex™ is a unique formulation of ingredients that combine to provide a 3-in-1 benefit for the whole body: supporting the endocannabinoid system, promoting healthy inflammation and antioxidant activity.*

A Unique Blend of Ingredients

- **Hemp oil** from non-genetically engineered hemp (stalk and seed).
- **Calamari oil** certified sustainable from the independent nonprofit group Friend of the Sea® and containing natural omega-3 fatty acids, including DHA, DPA and EPA.
- **TrueBroc® and broccoli** rich in nutrients that support healthy inflammation and antioxidant activity.

TrueBroc® is a trademark of Brassica Protection Products and is protected under U.S. Patent 8,927,007

Hemp Oil Complex™

Kick-Start Your Way to Whole Body Health

What is Hemp Oil Complex™?

A Safe, Effective and Legal Way to Support Your Endocannabinoid System

Hemp oil has been gaining popularity as an effective natural solution to support your endocannabinoid system (ECS). It is derived from nutrient-rich plant seeds and stalks and contains compounds called phytocannabinoids. Scientific evidence suggests that these compounds may have the ability to affect systems that contribute to a balanced ECS.^{1,2,3}

Standard Process' Hemp Oil Complex™ is a convenient softgel that contains a unique proprietary blend of hemp oil, calamari oil, TrueBroc® and broccoli. This combination delivers the benefits of omega-3s and nutrients that may help support a healthy inflammatory response and antioxidant activity.*

Why Support the Endocannabinoid System?

Growing research suggests that the endocannabinoid system (ECS) plays a critical role in numerous metabolic processes in the body. Scientific evidence suggests that the ECS may help regulate various functions, from the simple, such as eating, sleeping, and relaxing, to the more complex, like neuroplasticity, metabolism, and inflammatory processes.^{1,2,3,4}

- ✓ Safe
- ✓ Effective
- ✓ Legal

Hemp is legal in the United States, serving as an important industrial import for decades. Standard Process legally sources high-quality, non-genetically engineered hemp oil from Eastern Europe. Additionally, our hemp oil contains a THC content of less than 0.3%, making it a legal product. Hemp Oil Complex™ is a safe, effective product to kick-start your way to whole body health.
