

## DIGESTIVE SUPPORT

- Features of Zypan®:**
- Gluten-free
  - Non-dairy formula
  - Macronutrient digestion support\*
  - Stearic acid to coat the pancreatin, helping it to be digested in the correct area of digestive tract\*

## Digestive Support

Digestive concerns affect over 50 million Americans, requiring a visit to their health care provider annually.<sup>1</sup> Many digestive concerns involve a reduction in the level of digestive enzymes that are endogenously being produced, so supplementation may be needed.<sup>2</sup> As people age, their level of pepsin – an enzyme that breaks down protein – and gastric acids decline, which can contribute to dysbiosis and a rise in challenging organisms.<sup>3,4</sup>

### Stomach Acid Support\*

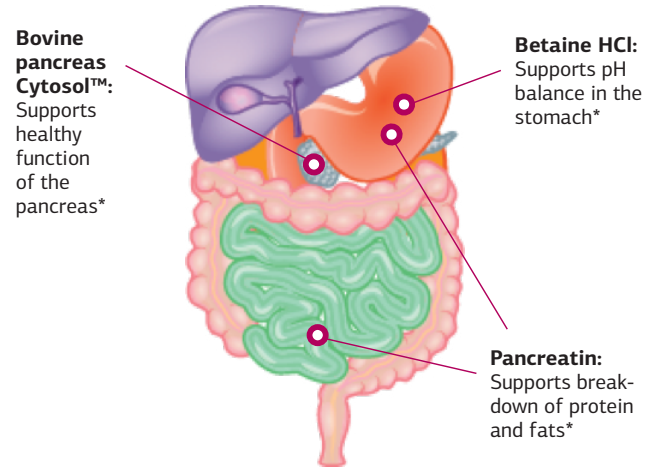

- Hydrochloric acid (HCl) is key in protein digestion
  - Supports vitamin and mineral absorption
  - Supports healthy gut microbiome\*

### Benefits From Standard Process Enzymes\*

- Support healthy digestion
- Support for age-related digestion concerns
- May help with bloating and indigestion
- Breakdown of macronutrients\*

## NOTES

**FIGURE 1.** How Zypan® supports the environment of the GI tract to facilitate healthy digestion.\*

**Caution:** Chewing this product is not recommended. This product is processed in a facility that manufactures other products containing soy, milk, egg, wheat, peanut, tree nuts, fish, and shellfish.

Supplement Facts		
Serving Size: 2 Tablets		
	Amount per Serving	% Daily Value
Proprietary Blend	600 mg	†
Betaine hydrochloride, bovine pancreas Cytosol™ extract, pepsin (1:10,000), pancreatin (3x), stearic acid (vegetable source), ammonium chloride, bovine spleen, and ovine spleen.		
†Daily Value not established.		

Other Ingredients: Cellulose and calcium stearate.

### Available Sizes:

- Zypan® 90T
- Zypan® 330T
