

ChelaCo

General Detoxification Support*

MediHerb ChelaCo contains herbal extracts of Hawthorn flowers and leaves, Milk Thistle seed and Garlic. Both Hawthorn and Milk Thistle extracts are standardized to provide active components responsible for their beneficial actions, e.g. Hawthorn provides up to 6 mg vitexin-2-rhamnoside per day, while Milk Thistle provides a daily dose of up to 240 mg of silybin.

The herbs and compounds in ChelaCo, are traditionally used to:

- ✓ Support general liver health as a **liver tonic**
- ✓ Support healthy general **detoxification function**
- ✓ Support healthy **liver and gallbladder function**
- ✓ Support a **healthy circulatory system** and help maintain **healthy capillaries**
- ✓ Help support healthy **liver cell functioning**
- ✓ Help support healthy **cardiovascular function***

Traditional Use

Traditional use of Hawthorn dates to the first Century A.D. when Dioscorides and Galen both referred to the herb. In the late 19th century in Europe, it became popular as a heart tonic, where – to this day – it is valued as one of the most significant herbal medicines for cardiovascular and circulatory function support,^{1,4,5,6,7,8} especially in Germany, Switzerland, and other Western countries such as the United States.*

Likewise, Milk Thistle has been used traditionally for over 2000 years, principally as a liver tonic to promote overall healthy liver and gallbladder function,^{7,12,13} such as the production of bile, which is required to breakdown and digest dietary fats,^{7,9,10,11} and the normal excretion of metabolic waste products from the body via the liver.^{7,12,14*}

LIVER TONIC*

HEALTHY CELL FUNCTIONING*

DETOXIFICATION SUPPORT*

M1700 60 Tablets

Suggested Use:

1 tablet 2-3 times daily with meals, or as directed.
Enteric coated tablets. Do not break or crush.

Supplement Facts

	1 Tablet	
Serving size:	1 Tablet	
Servings per container:	60	
	Amount per Serving	%DV
Calcium	68 mg	6%
Hawthorn leaf & flower 4.8:1 extract from <i>Crataegus monogyna</i> leaf & flower 318 mg Containing vitexin-2-rhamnoside 2.0 mg	67 mg	†

Fresh Garlic bulb 12:1 extract from <i>Allium sativum</i> fresh bulb 600 mg	50 mg	†
Garlic (<i>Allium sativum</i>) bulb powder	7.5 mg	†
† Daily Value (DV) not established.		

Other Ingredients: Microcrystalline cellulose, dibasic calcium phosphate dihydrate, hypromellose, maltodextrin, sodium starch glycolate, ethyl cellulose, ammonium hydroxide, fatty acids, oleic acid, sodium carboxymethylcellulose, talc (magnesium silicate), polydextrose, magnesium stearate, silicon dioxide and dl-alpha tocopherol.

Caution: Contraindicated in known allergy to Garlic. Contraindicated in lactation. Not to be used during pregnancy unless otherwise directed by a qualified health care professional. In anemia and cases where iron supplementation is required, do not take simultaneously with meals or iron supplements.

Cellular Antioxidant Activity

The herbs in ChelaCo (Hawthorn, Milk Thistle, Garlic) provide important cellular antioxidant activity, thereby protecting us against oxidative stress we are exposed to via the environment (exogenous sources) or as a result of natural body processes (endogenous sources), with some of the most commonly known sources being due to immune cell activation, everyday stress, poor diet (e.g. fried, smoked and barbequed foods), alcohol, cigarette smoking, excessive exercise, ultraviolet (UV) light, cellular energy production, and the normal aging process.^{1,2*}

How ChelaCo Supports Your Health:

Liver and Gallbladder Support:

- Supports liver cell function
- Bile production
- Normal detoxification process*

Cardiovascular and Heart Function:

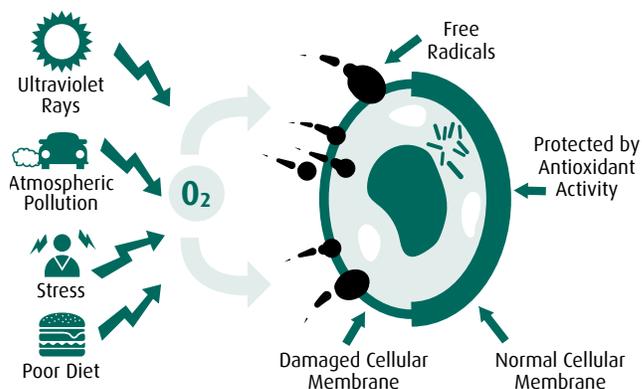

- Helps to maintain the healthy workings of the body's capillaries
- Normal circulation support
- Healthy heart function*

Antioxidant Activity Support:

- Provides antioxidant protection from common harmful free radicals encountered in the environment or consumed via unhealthy foods.*
